

THE ROSARY APOSTOLATE NEWS LETTER Vol. 2 Sept. 2010

I would like to take this opportunity to thank every Principal and teacher, for your warm welcome and support given to members of the Rosary Apostolate! The Scholastic Year of 2009-10 has been a very good year! The Year 1 Cycle of Themes received raving reviews from both teachers and students. The Rosary prayer booklets proved to be very inspiring to students!

Comments from Principals' Follow-up Report

"The volunteers were excellent and were very good with the children. It is an excellent opportunity for students to learn about the rosary and how to use it in prayer daily. The May celebration was excellent way to conclude the year with us at St. Fidelis. The volunteers conduct themselves professionally and were good to include all students in the planned activities."

wonderful Catholic people. We see their work as a vocation rather than volunteer work. St. Monica's School - in Barrie

What Students are saying:

"To the Ladies of the Rosary Apostolate, I would like to thank you for teaching and praying the rosary with and to us. We really appreciate the time you give up for us, to give a chance for students to learn how to pray the ever so holy rosary so that we can practice our faith. I think that this program should have come sooner because this thing is great! I would like to show my appreciation by writing this poem for you to remember to show you the joys that you bring us here. *'THANK YOU, every month at L.D.P., there's smiling faces from rosary. Every time we learn something new, and now we seem to thank you!'*

Student from Lester B. Pearson School

"Praying the Rosary has impacted my life by showing me how to pray, the proper and meaningful way. By doing the rosary it has made me caring, loving and a religious person. The rosary has taught me new virtues that I would not follow when I am praying at home. One of the things the rosary has taught me is to focus and meditate on God's word. I did not know this at first. By reciting the rosary I have learned to worship God more often and appreciate what He has done for mankind. I love the rosary because it has taught me to pray not

only for my friends but also for my enemies, even though I hate them. The rosary has helped me to connect to God in a more meaningful way."

Student from St. Anthony School

"Now I started praying everyday! I think praying as a group really, really inspired me. I think if we pray as a group Jesus and Mary will smile and be very glad. It helps me think of Jesus very, very, very often (every second) So, I am very happy the rosary people came here to school to pray with us. They helped me learn of people such as "Our Lady of Perpetual Help". If the rosary people are reading this right now I would like to say, **"THANK YOU!"**

Student St. Jean de Brebeuf School

"Dear Rosary Visitors, Thank you for teaching us about God and Mary. I learned how to do the whole rosary. Sometimes I teach my sister how to do the rosary. I pray at school, church, at home and with my friends. My favorite part is listening to what you say. (P.S. I loved your presentation today.)" Student from St. Bridgid School

"Dear Rosary Team, I would like to thank you for giving us holy pictures. I really liked how you were nice to us and you taught us about Jesus and Mary. I really liked those really beautiful rosaries at the rosary festival. I really, really, like the flowers. It was totally awesome! I really liked you this year. I hope I see you next year."
