*In the midst of much anxiety and fears,
praying the Rosary restores peace in us.*

*When facing a tomorrow with many
unknowns, praying the Rosary reminds
us we are not alone, Jesus and Mary are
with us every step of the way and will
help us.*

*As confusion seems to fill our world all
around us, praying the Rosary helps us to
look up to the heavens, and brings clarity
to our faith rooted - in God the Almighty.*

*In sickness and in sorrow, praying with
trust gives us hope that our prayers will
be answered.*

*The Mother of God, never abandons her
children, especially in their time of most
need.*

*Scholastic year 2020-2021 continued to
be a challenge... we continued to offer a
virtual Rosary live streamed in schools
where ever volunteers were physically
able to do this.*

*We provided Rosary Videos on YouTube
for the schools, where volunteers were
not able to pray virtually with classrooms.*

*We continue to offer up our daily prayers
for all the staff and students and their
families. May the Blessed Virgin Mary
spread her powerful mantle of protection
over all our schools and all their families.*

*Heartfelt Gratitude to all Schools for 25
years of joy to pray with your schools!*

TCDSB partnership with the Rosary Apostolate has been an enriching spiritual experience that continues to help us grow in our faith, prayer life and with in our school community. Praying the Rosary helps us to come together as a community / family.

- * Excellent meditations and prayers.
- * helps us to stop our busy daily activities and pray for our families, friends and those in need.
- * helps centre our lives on God and all that we are given.
- * Reflective and prayerful.

As we continue to navigate during these challenging times, we continue to be blessed gathering as a Catholic Community in prayer celebrating our Faith and deepening our understanding of the Rosary. It has been a pleasure having both Anne and Lynnette lead our students and staff in prayer. Using the Zoom Platform was very successful. Followed by this, we also had the opportunity to engage in prayer with the pre recorded videos that were shared. Once again, this was extremely successful, having student leaders in faith be a part in these videos was a very positive experience for our students. Student voice and led videos has been a great additional experience for our students and the feedback both from students and staff has been very positive and welcomed.

Students and staff continue to engage in prayer as this time continues to offer them time and space where they pray, giving thanks, praise and sharing any special intentions they may have especially during these unprecedented times. I continue to offer both our students and staff as a Catholic leader the time and space to reflect and share their thoughts as leaders in faith. This continues to be their time with our Lord and find peace and strength supporting their spiritual and mental being.

Students have enjoyed listening to students that are speaking in the videos and continue to learn and growth in their faith development.

During the shutdown it was so beneficial for the students to continue with their prayers in a meaningful faith-based way. We needed prayers more than ever! It was also so important for our students understanding of the Rosary, Mary and the prayers to be enhanced. Students and staff agreed that praying the rosary helped calm them and focus on what we have instead of what we don't have.

This year, the school did not fully participate in the program and therefore I am unable to complete this report.

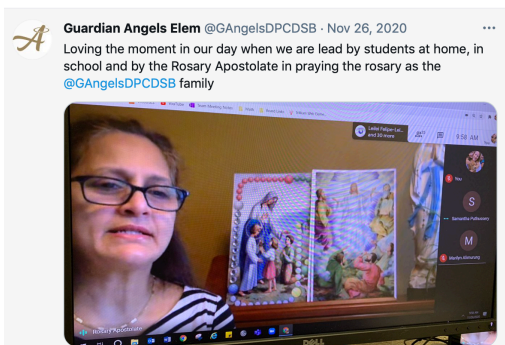

I would like to say that I have always been pleased with the program. The staff and volunteers have always done an exceptional job praying the rosary with the children. It has always been a welcomed addition to our program offering at St. Anselm and I hope to have the program continue in the fall of 2021.

Thanks, Donato Di Paolo

They had good visuals and the use of children was good for the students. It was nice to see the diversity of the students used in the videos as well. This year it was a very useful program to continue our student's connectivity to their faith practices especially since we were unable to do our monthly in person masses.

Looked forward to praying as a school – with multiple classes, students prayed the rosary, intercessions to our Blessed Mother were highlighted, the Rosary as a prayer was given its importance. The fervour and devotion of our volunteers is contagious. Staff felt supported to recite the rosary led by our volunteers. Students looked forward and knew the importance of this program.

YOUTUBES:

- appropriate for the students grade level
- Good visuals for the students to look at and reflect.
- the link being sent each month as a reminder of a new video, month and time appropriate.

Thank you for all you do to plan. We are happy of the approach, planning and execution. We are grateful for our Rosary volunteers.

The school comes together as a community of believers to pray the Rosary. Also, the Rosary Apostolates inspire our children and youth to love God by giving them the opportunity to experience God's presence in prayer and establishes a relationship with God and Mary. We are looking forward to welcoming our Rosary Apostolate's this coming fall (2021) We appreciate all of your time and effort in bringing the Rosary program virtually. With much gratitude. XO

We have been able to continue to learn and grow in our faith with the support of our Rosary apostolate volunteers and their commitment to the Blessed Virgin. Our students and staff all feel a sense of belonging and community when we pray together. Our students, staff and their families always look forward to praying together. Praying together during this

school closure had really been very special. Despite all that has been happening in the world this time together connects us all in a special way. Our devotion to Mother Mary has helped us get through this difficult time.

Especially during remote school, students have been able to continue the practice of praying the Rosary. The flexibility of the Rosary Apostolate in moving to the virtual platform allowed both unperson and remote students to access the opportunity and we are grateful for their being so accommodating. Students love to participate and take part in the community through prayer. We had students volunteering to pray and it was so nice. Considering the current pandemic situation that we are in, having the Rosary Apostolate in our schools is a way for students to continue to grow and nurture their Catholic faith. Students are able to participate, reflect and connect with Mother Mary. Many students do not know how to pray the rosary and this allows them to learn it and pray it. These unprecedented and turbulent times have still allowed us to connect with Mother Mary.

Helping our children to lean on their faith and Mother Mary and allowing them to see they can make a difference by uniting in prayer. Thank you to our team who kept in touch throughout the school year and continued to provide us with materials. The videos were excellent and easily used in the classroom at the convenience of the classroom schedule. Materials were easy to relate to. Students enjoyed the "interaction" with students of their own age level as leaders. Congratulations! As always, it is an absolute pleasure and blessing to have our students participate in the program. It enriches the faith life of our students and teachers. As one teacher so enthusiastically shared "we look forward to the YouTube videos every month!"

Although it has been very convenient to have the Youtube videos available, the enrichment of having the Rosary Apostolate volunteers in our school monthly, as was previously welcomed before COVID restrictions, was certainly the most rewarding for our students.

Our wonderful lead coordinator Sabrina Almeida did try to organize live streaming of the Rosary for our school but I was so overwhelmed with all the necessary safety precautions, procedures to follow and school closings, this did not come to fruition. I hope I can follow through on this next year.

Our students and staff benefit greatly from the Rosary Apostolate program. The volunteers set an excellent example for students with their commitment to faith. Along with this example, the program itself helps our kids understand more about our faith – gain a greater reverence for Mary and to learn how to pray. Our students continue to learn how prayer improves our relationship with God, provides us with a greater understanding of God's plan for us and can bring us comfort. Kids/staff consistently share that the volunteers are 'friendly', 'know lot of stuff!' and must really believe in what they're doing because they visit us each month!

The Rosary Apostolate Program provided students with an opportunity to learn about and pray the Rosary on a monthly basis. Ms. Fex and Ms. DaSilva provided us with a connection to our parish. Teachers were able to extend these experiences with their classes for further discussion and prayer. It was more challenging this year to engage the students virtually. While face to face, each student has a chance to pray a decant or prayer. While in virtual only the visitor spoke, which decreased student participation and engagement.

This program ensures that our students pray and learn the parts of the Rosary. It provides a connection to our parish and Catholic community. Our teachers and students really enjoy this opportunity and we will participate next year if it is offered.
