**In what way has praying the Rosary every month helped me? Students said:**

**GRADE 8**

The Rosary has helped me tremendously by making my faith and connection with God, healthier and stronger. Praying the Rosary every month makes my prayers feel heard and responded to. My belief in God is only progressed further because of the Rosary. I have gained more wisdom, and I am forever grateful. God has set a path for me, and praying the Rosary helps me see that glorious path that He has led for me.

**GRADE 8**

It has helped me by learning a lot of new and amazing prayers. Also, I have almost memorized all the mysteries, if not memorized I have learned and understood them. Lastly, every month it gives me a boost to pray. Every Rosary time it reminds me to pray as much as possible.

**GRADE 8**

In a completely honest way, the

Rosary has taught me to know more deeply and in depth about the Bible and scriptures. It's actually, phenomenal how much I've learned from the Rosary, and I appreciate all the knowledge and intelligence I got from it.

#### **GRADE 6**

When I pray the Rosary, I feel like I become closer to God. Praying the Rosary inspires me to pray more often. I feel more safe to be honest, like He sent an angel to protect me or at least I hope.

#### **GRADE 6**

Rosary has helped me by allowing me to speak to God and feel more connected to Him. I feel like my relationship has grown more with Him.

#### **GRADE 5**

It helped me be more friendly with people, friends, and family members. It has also helped me be a better person by doing my work and my current tasks. It really helped me when I have feelings like being happy, sad, nervous, scared, mood, excited, silly and serious.

#### **GRADE 6**

It helped me by encouraging having more confidence and helping more people. It helped me by learning different prayers, and it is helping me to pray every night and every morning.

#### **GRADE 6**

The Rosary has given me courage not to give up when I am in tough times, it has given me all the power. I need to stay strong and to not give up. It teaches me more about Jesus and Mary and I pray when I need help, it has given me so much strength in order to commit to what is best and what's not good and it has shown me how much God, Jesus and Mary are loving people and forgive for everything that's happened in hard times. Thanks for everything.

#### **GRADE 4**

The Rosary helps me in so many ways. First it feels healing after we finish, but what makes me so grateful is that the people who come take hours out of their day to just pray with some kids, they make no money they pray for us and guide us and that gives me prosperity to help someone else or just do something for others even helping with someone's homework. It makes praying the Rosary so healing for me to get closer to God, Mary and Jesus and connect me with them and heal my sins. I appreciate them so much.

#### **GRADE 8**

It just helped me understand how much Jesus' life was similar and yet so different from mine. Jesus was human too with parents, siblings, a house and emotions. He went to school, was into different things, helped His parents, He was so different. He was the Word of God incarnate living amongst mere humans. He loved, healed, prayed for and helped us. With the Rosary, I look at Jesus, and either mourn at what Jesus went through or overjoyed by His victorious. Praying the Rosary every month has helped me live, focussing on what Jesus has done for me. Praying the Rosary has brought me closer to Jesus Christ. And I will forever be thankful.

#### **GRADE 8**

Praying the Rosary every month has helped me become more patient and encourage me to make time for God. Praying the Rosary every month has helped me in a way that keeps me calm and mindful of both my words and actions. The short recaps of the mysteries after every 10 Hail Marys are also a good reminder of how much Jesus sacrificed for me. It reminds me to try and keep humble, and never act out in spite. I feel that the Rosary

keeps me in check and is the reason to be honest. In addition, praying the Rosary every month gives me the opportunity to pray for others, my loved ones and myself. To talk with Jesus and ask help with any challenges I may be going through.

#### **GRADE 7**

Praying the Rosary every month has helped me build a closer relationship with God. It helped me grow in faith and helped me to be more open minded. Praying the Rosary has been one of the main contributing factors that help me feel more motivated. The Rosary teaches me all the miracles and sacrifices God has done for us. The Rosary has guided me to be what God wanted me to be. Praying the Rosary every month is like a time where you and God check in on each other. Praying the Rosary has many benefits.

#### **GRADE 7**

Praying the Rosary every month has helped me calm down. It helped me stay calm and difficult situations. When I pray the Rosary, it's always quiet, calm and peaceful.

#### **GRADE 7**

The Rosary had a huge impact on how I think. It has brought a lot of positivity into my life starting with how I feel about myself. I used to be very negative about myself and things around me but now I'm more focussed and relaxed.

#### **GRADE 7**

Praying the Rosary every month has helped me to talk to God. It has had an impact on me because I like to pray now but before I did not like praying. So now I try to pray every night before going to bed and I like when we get a moment of silence from the world so we can pray to God, Jesus, Mary for world, peace, and for our loved ones.

#### **GRADE 7**

The Rosary has really helped me to trust in God and not always feel like I'm doing everything on my own. It also has helped me get through a hard time when I lost an important family member this year in September.
